PROFILE

Computer Science & Telecommunications graduate (BSc) with hands-on IT support experience managing Active Directory and Windows Server 2019 for ~150 clients during military service. Skilled in troubleshooting Windows 7/10/11 environments, hardware repair, backup and recovery, basic network administration, scripting for automation, and WordPress site management; provided 24/7 technical support and trained end users. Eager to apply strong foundations in systems, networking, and software development to an entry-level IT or junior developer role and quickly grow into a reliable, impact-oriented team member.

EDUCATION

Sep 2020 — Jun 2024 BSc in Computer Science and Telecommunications,
University of Ioannina (Arta Department)
Grade: 7.12 / 10.00 (Very Good)
